

Children's Rights Week is about celebrating learning

This year, [Children's Rights Week](#) is being celebrated from 18 to 24 November under the theme "Every child has the right to learn". We all learn things everywhere in our daily lives: at home, at day care, at school, at work and in our leisure time. During Children's Rights Week, let's all reflect on the importance of learning to well-being and development and celebrate the opportunities it offers.

The aim of the theme week, which is celebrated annually in connection with World Children's Day of 20 November, is to raise awareness of [the UN Convention on the Rights of the Child](#), especially among children and young people. In the Municipality of Tuusula, we celebrate the week as part of our Child-Friendly Municipality work. We offer children and young people a wide range of opportunities to stop and reflect on this important topic. Our day care centres, schools and youth centres let children and young people have their voices heard.

World Children's Day will be celebrated jointly [at Tuusula Main Library](#) on Wednesday, 20 November from 15:00 to 18:00. Read more about the week's events in [Tuusula's events calendar](#) and join in!
